

CUMBERLAND HARBOUR

Signature Home Collection

Welcome to the Cumberland Harbour Signature Home Collection. Each unique home in our collection has been carefully selected for its timeless low-country coastal style and functional floorplan that allows for year-round indoor-outdoor living. Each of these Signature Homes are designed with wide porches, luxury baths, gourmet kitchens and include two-car detached garages. We are proud to be partnering with Allison Ramsey Architects, who specialize in low-country coastal vernacular.

Each home in our collection is priced with the homesite included, making this collection of homes an exceptional value.

The Cumberland Harbour Signature Home Collection is a sample of our select plans. There are many more homeplans that can be built within Cumberland Harbour that exemplify the low-country coastal look. Some of our residents have chosen to work alongside an architect to create their custom dream home. At Cumberland Harbour, we value the classic and timeless beauty of traditional coastal architecture. Most of all, we value our residents and we are committed to making the building of your home a pleasure. Our team will work along side you to create the home you have always imagined. We invite you to step into a sample of homes at Cumberland Harbour and meet our Signature Builders.

Terry Stover Construction

In 2004, Terry was honored to be one of the two builders selected to construct the HGTV Dream Home at Cumberland Harbour. The home incorporated some of the features that Terry loves and uses in his homes, such as reclaimed products and architectural antiques. A Stover home is a unique and distinct home.

Parr Builders

Parr Builders is one of the South's premier home builders. The Parr family started Parr Builders nearly 40 years ago with the ultimate goal of building new projects of the highest quality and design excellence. Parr Builders takes pride in taking on each project as if were their own, guaranteeing your experience to be personal and of the utmost importance.

Spencer Development

Spencer Development is a builder of fine quality homes in Georgia, North Carolina and South Carolina. David has a ten-year history of satisfying clients in Coastal Communities. He closely confers with selected architects and designers to help clients through the building process. Spencer Development is known for high quality custom homes, "Making a House into a Home."
